CONSUMPTION CURED! BI ONSUMPTION CURED! BE not deceived by base imitations. HEGEMAN, CLARK & CO.'S GENTINE COD-LIVER OIL never disappoints, and nine years' experience has proved it superior to all others and the only reliable cure for Consumption. As there is a great deal of spurious Oil in the market, adulterated with seal oil, whale oil, &c., &c., teo much care cannot be taken to procure the genuine. Our Oil is made at our own factory, in Newfoundland, and each bottle has our signature over the cork. Be careful to get HegeMan, CLARK & Co.'3, for since the death of Mr. Rushton, our late partner, there has been an article introduced called Rushton's, which is in no way connected with R. It also appears by the same report that you were constituted a committee to make the contemplated report. We observe, too, that the editor has not discovered you that Buchanan gos 152 votes—three more than enough to elect him—in spite of soth factions; for he says the firmness and resolute resistance of the American party "to coalition with sectionalism saved not only the Domocratic party from defeat, but the Union itself from dissolution."

This certainly comes with an iil grace from an organ that advised coalition in Indiana, and whose particular friends, Botts and Raynor, urged it with so much seal. All the resistance to coalitions with sectionalism is due to a few Fillmore leaders of the South.

But they must not have the power to prohibit slavery. Now what is the most that Congress could do if that body wanted? This year they could prohibit the action of the people of a territory but next year the same people are to form a State Constitution, then all agree that they have power to do as they please. All that Congress can do, if disposed, would be to control the people of a territory a year or two, in their action; and thereby make them more determined in their own way when they got power. 300 Negroes Marching on Lafayette and Hopkinsville. [Correspondence of the Louisville Courier.] ROPKINSVILLE, Dec. \$, 1856.

Negro Insurrection.

W. N. HALDEMAN, Bsq.

DEAR Siz: Our little town is up in arms at the present writing, "The negroes are marching upon us," is heard from every mouth. This morning several messengers arrived from Lafapetie, a small town eighteen miles south of Hopkinsvihe, calting on the citizens of this place to come to their assistance. They were more partially expecting as sistance. They were momentarily expecting an attack from about six hundred negroes. About 150 persons left immediately for the "seat of war." They were in command of Capt. James Jackson and Sheriff Gowan. Hopkinsville is strongly guarded. It is rumored we will be attacked to-night. I will write you again to-morrow. Would telegraph, but all communication has been out off —the telegraph poles being cut down. Appended the telegraph pores seems to our extra issued this morning. CORPORAL.

Our whole community was thrown into a state of intense excitement this morning upon the re-ceipt of the following letter from Lafayette: VIGILANCE COMMITTEE ROOMS, LAPAYETTH, KY., Dec. 2, '58

Gentlemen of Hopkinsville:

From reliable information we expect an attack from the negroes of the Iron Works on our town to-morrow morning, perhaps to-night. Please istance. We are in great danger.
JOHN H. RUSSELLL, Sec'y. come to our assistance H. S. SYPERT, J. P. FLINT, J. W. FRASER.

J. R. SMITH, Com. The Secretary of the Committee adds the fellowing, predicated upon which their apprehension is based:

The negroes of Eclipse, Clark, and Lagrange,

"The negroes of Eolipse, Clark, and Lagrange, have united and are marching towards Dover, and were within eight miles of that place when last heard from. Their intention is to relieve the negroes at Dover, then march to the Rolling Mill, then to Bell Wood Furnace, then through Lafayette on to Hopkinsville and the Ohio river."

This statement, taken in connection with the fact that a results play for an insurrection has fact that a regular plan for an insurrection has been detected at Clarksville, is truly alarming. We think, however, the account somewhat based on rumor and not altogether reliable. It is high time that steps were being taken for It is high time that steps were being taken for our defense in case of an insurrection. We have not a stand of arms in this whole section of the country, and no organized military. A Crusher.

Brand's Premium stock

MILL is now admitted to be the best mill of the
kind extant. It has, on several occasions, contended
for the award of merit with other mills, and particularly with the famed "Little Giant," and in every instance has taken the premium. At a recent trial with
the latter upon the Fair Grounds of the Southwestern
Agricultural and Mechanical Association, it again
took the prize. It stands now without a rival.
This mill combines three principles—that of cutting
with several steel blades, with that of crushing and
grinding. It is heavier and stronger, and less liable
to break or get out of repair, than any other mill before
the public. It is more easily adjusted, being set coarse
or ane by a single screw, which may be done by a boy
ten years sld. It may be used for cutting and grinding apples, turnips, beets, and rutabagas; and with a
small additional expense, will cut and grind corn with
shuck, which can be done by no other mill extant.
And finally, it has greater grinding surface, and will
grind finer, faster, and easier, than any other mill of
the size in use. It is furnished complete, with sweep
hook and screws, and any farmer, with his augur and
saye, can sett up and have it grinding in half an hour.
Mrs. Hawkins and Trainer, of the City Foundry, on
Main street. near Preston, have established a manufactory of Brand's Stock Mills in this city, and the attention of planters and stock growers in the South and
West is called to its superior claims to public favor.
